Thank you to all who submitted writing and directing applications this year! Grant, Sandra, and I were so impressed with the quality of the submissions and spent a lot of time talking through the various factors leading up to these decisions. We are so excited about this upcoming evening (and afternoon) of completely original student-created theatre. Congratulations to the writers and directors selected!

Writers and Directors: **Please plan to attend a brief (30 minute) meeting on Monday, April 8th at 3:15pm** in the Black Box to discuss your scripts and upcoming prep for the auditions. Those involved in the Spring Play will be excused to attend this meeting and should plan to come to practice when finished.

Ms. Gerber will email out scripts to writer/director pairs. Directors, please plan to read through the script a few times before your meeting on Monday in order to prepare for talks with your writer.

Actors and Crew: These scripts will need actors and designers, so please look out for audition information and designer applications in the coming weeks!
